The Yellow Letter (and It's Dynamic Effects)

The “yellow letter” is a marketing tool that is designed to get a tremendously high response rate, allowing you to pre-screen prospects and identify their motivation for selling. The yellow letter is used by some of the top real estate gurus in the nation, and thousands of real estate investors are making hundreds of thousands of dollars right now using the very simple but effective yellow letter to generate leads.

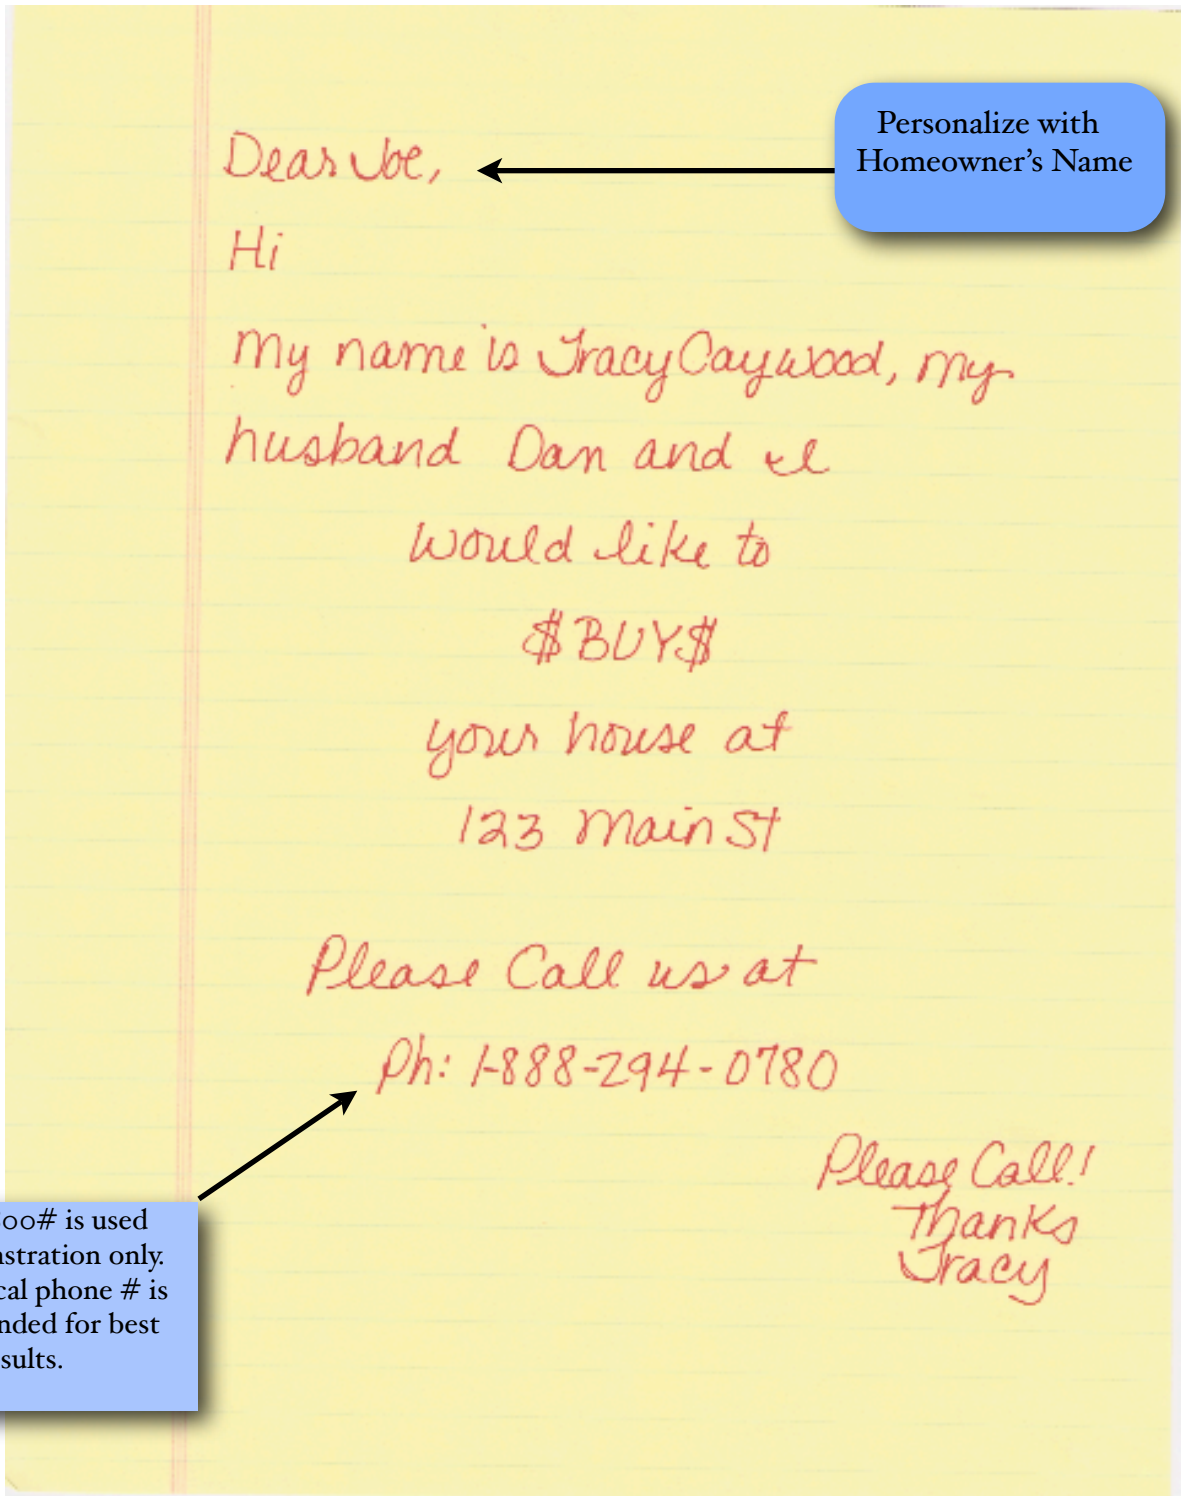

Implementing the yellow letter is easy and can be done in one day. All you need is a yellow legal pad, some invitation envelopes, a red pen, and postage stamps. Following the illustrations that are included below, prepare your yellow letters and mail them to qualified seller leads. (Vacant Houses, Probaes, Absentee Owners, Free and Clear, Pre-Foreclosures, Expired Listings, For Sale by Owners, Etc.)

It is recommended that you mail 250 yellow letters per week to acheive the greatest results with your campaign. You can expect a 5% to 15% response rate when using the yellow letter as part of your marketing plan to attract motivated sellers.

Yes, it does take alt of time to prepare this many yellow letters by yourself. That is where the help of a professional comes in. You can get all of your yellow letters completed for you and save hours and hours of valuable time.

www.YellowLettersComplete.com is the place to go t get all of your marketing needs taken care of. You can get everything you need right on the website: mailing lists, do it yourself kits (which has everything you need (pre-printed letters in YOUR handwriting) to complete 250 letters yourself, postcard campaigns, and full service - “done-for-you” yellow letter campaigns.

The yellow letter - prepared on 8.5" x 11" legal pad paper. The message is designed to be warm and personalized will attract more sellers than you can handle. Always using a red pen will captivate your readers and urge them to take action immediately!
